

Grain Free

McMillan Grain Free is a low GI, fully formulated and balanced super fibre feed designed for all horses requiring low starch diets including those with conditions such as laminitis, cushings, equine metabolic syndrome, colic, hindgut acidosis, developmental orthopaedic disease and tying up. Contains organic minerals and natural vitamin E.

GRAIN FREE DELIVERS:

- High levels of digestible fibre for optimum hindgut health and slow release energy.
- High quality amino acids and antioxidants for quality muscle development and repair.
- Premium organic minerals, antioxidants and vitamins, including natural Vitamin E.

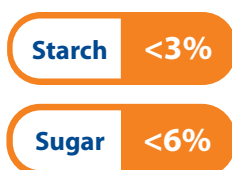

FEEDING GUIDE:

- Must be soaked before feeding.
- Soak 2 parts water / 1 part Grain Free.
- McMillan Grain Free can be fed alone, or combined with other feed ingredients as part of a balanced diet.
- Designed to complement New Zealand forages and create a balanced diet when fed at the following levels daily:

| BODY WEIGHT (KG) | GRAIN FREE (KG DRY WEIGHT) |
|------------------|----------------------------|
| 300kg | Up to 1kg |
| 400kg | 1-1.5kg |
| 500kg | 1.5-2kg |
| 600kg | 2-2.5kg |

INGREDIENTS SELECTED FROM:

Super Fibres, (Soy Hulls and Beet Pulp Shreds), Full Fat Soyabean Meal, Full Fat Canola Meal, Cold Pressed Canola Oil, Magnesium Oxide, Di-Calcium Phosphate, High Quality Vitamin and Mineral Pre-mix, Natural Vitamin E, Mould Inhibitor, KER Vitamin and Mineral Pre-mix containing Zinpro organic minerals.

QUALITY GUARANTEED

Our commitment to quality ensures that only the finest ingredients available are included in the McMillan range of equine feeds.

TYPICAL ANALYSIS (DM BASIS)

| Crude Protein | Fat | Fibre (max) | Energy (DE) | Salt |
|---------------|-----|-------------|-------------|------|
| 16% | 8% | 25% | 12MJ/kg | 1% |

NUTRIENT COMPOSITION

| Nutrient | As Fed (Per kg) |
|---------------------------|-----------------|
| Energy (DE) | 2.55 Mcal |
| Crude Protein | 142g |
| Fat | 71g |
| Fibre (max) | 223g |
| Starch | 30g |
| Sugar | 60g |
| Lysine | 5g |
| Calcium | 10g |
| Phosphorous | 6g |
| Magnesium | 3g |
| Sodium | 4g |
| Chloride | 6g |
| Potassium | 10g |
| Iron | 400mg |
| Zinc* | 200mg |
| Manganese* | 135mg |
| Copper* | 65mg |
| Iodine | 1.3mg |
| Selenium* | 0.6mg |
| Vitamin A | 12,000IU |
| Vitamin D3 | 1,200IU |
| Vitamin E* | 400IU |
| Thiamine (Vit B1) | 20mg |
| Riboflavin (Vit B2) | 20mg |
| Niacin (Vit B3) | 100mg |
| Pantothenic Acid (Vit B5) | 30mg |
| Pyridoxine (VIT B6) | 12mg |
| Biotin (Vit B7) | 0.4mg |
| Folic Acid (Vit B9) | 4mg |

*Includes natural Vitamin E and organic minerals.

DISCLAIMER. All analysis and nutritional information is presented in good faith. Some variations in values may occur. McMillan Equine Feeds accepts no responsibility if this feed is used in a manner or quantities that are not in accordance with its recommendations.

Grain Free

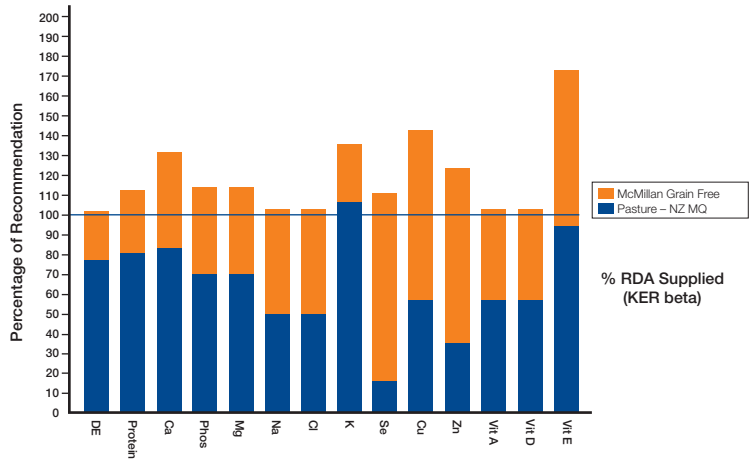

IMPORTANT INFORMATION:

Always provide access to sufficient fibre such as hay, chaff or pasture to ensure good hindgut digestive physiology. At least 1.5% of the horse's body weight should be provided as fibre.

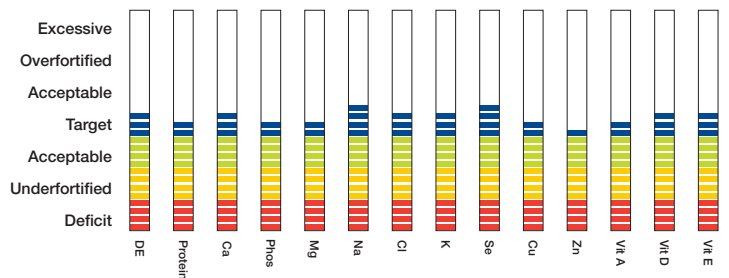

Split feed amounts in as many feeds as possible but ideally no less than two feeds per day.

Store in a cool, dry place out of direct sunlight.
