

Premium Plus

McMillan Premium Plus is a superior textured feed providing a premium blend of energy sources to support the extreme demands of racing and high performance horses. Grains are steam flaked for optimum digestibility and palatability. The vitamin and mineral formulation is specifically designed for supporting equine athletes through times of increased workload and associated stress. High quality protein provides optimum ratios of essential amino acids. Contains organic trace minerals.

PREMIUM PLUS DELIVERS:

- Digestible energy from a number of different sources to provide for both aerobic and anaerobic work types
- Premium protein sources for muscle maintenance and repair
- Highly bioavailable Zinpro organic trace minerals and natural vitamin E for optimum health, performance and recovery

FEEDING GUIDE:

Premium Plus has been formulated to complement New Zealand forages and provide the correct balance of all essential nutrients when fed at the following levels daily:

BODY WEIGHT	400kg	500kg	600kg
Light Work	2–3kg	3–4kg	4–5kg
Moderate Work	3–4kg	4–5kg	5–6kg
Heavy Work	4–5kg	5–6kg	6–7kg

The above table is a guide only and the amount fed should be adjusted according to the horse's age, temperament, condition, body weight and workload.

When combined with forage, the above indicated amounts of Premium Plus will provide more than the minimum National Research Council (NRC) requirements for each essential nutrient.
